Best Time:	business hours, weekdays

Rules of Conduct

- Hunters must present game for inspection
- Hunters must have game data collected
- Hunter may shoot one and only one animal
- Hunters may not drive off established roads

Middle Ridge CWMU Description

Middle Ridge-Deer CWMU is southwest of Woodruff, Utah. Woodruff Creek ranging from **6500 feet** in the east to 6900 feet in the west forms much of the south boundary of the Unit. The entire north side of Woodruff Reservoir (6900 feet) forms part of the south boundary. The higher elevation run through the middle of the Unit, starting at 7700 feet in the west reaching a maximum of **8000 feet** before decreasing to 6700 feet in the east. Walton Canyon (6900 feet to 7400 feet) forms much of the north boundary.

Over eight percent (80%) of the Middle Ridge-Deer Cooperative Wildlife Management Unit (CWMU) is covered with Inter-Mountain Basins Montane Sagebrush Steppe (62). Around the edges are small areas of Colorado Plateau Pinyon-Juniper Woodland (36) and Rocky Mountain Aspen Forest and Woodland (22). On the east end is a large patch of Agriculture (114).
